

Did'ja Know?

Bread is an ancient form of food. The first breads people made from wild grains. Eventually, those grains got bigger and more filling for us to eat!

Look at all that scrumptious bread! Color the picture and draw in the type of bread you like to eat.

Lord's Prayer Series

WEEK THREE

Luke 11:2-4

Jesus was teaching his friends to pray. So far he had taught them to say, "Father, your name is holy. Your Kingdom come."

"The next part," Jesus said, "goes like this: Give us our daily bread."

James closed his eyes and smiled. "Mmm. I love bread."

Jesus laughed. "Yes, but 'daily bread' means more than just food."

"Like what?" asked Susanna.

Jesus said, "Daily bread is everything we need to live: food, clothes, houses, and people who love us."

"But not everyone has those things," Mary said sadly.

"I know," Jesus answered, just as sadly. "So every time you ask God for daily bread, you can remember that God wants you to help others get their daily bread, too!"

"Is that the end of the prayer?" asked Peter.

"Nope," said Jesus. "There's still more!"

To be continued. . .

Daily Bread

Our food, but also gifts God gives us to keep us going, every day.

Nice Quote!

If we are going to ask for our daily bread, we've got to take the time to receive it and eat it. God provides, but we've got to slow down long enough to taste and see.

- Glennon D. Melton, Writer

Try it At Home

With an adult helper, bake some bread! There are plenty of recipes online. First, you'll need to go shopping to get the ingredients. Share the bread you made with a friend!
